RE: Healthy Ride Bike Shares

Dear Heather:

Thank you and the Healthy Ride team for taking the time to come and present your proposed Bike Share Expansion to the Hill District community again at our quarterly community meeting on October 25th. **This is the third time you have either presented or tabled at a Hill District Community Meeting. Overall, the community is not in support of the bike share expansion in its current form.** The community scored the project a **75% - C**. For your knowledge, an 80% score is necessary to receive a letter of support from the community. **Unfortunately, therefore we cannot support the project.**

Additionally, we have **included a breakdown of the scores by location:**

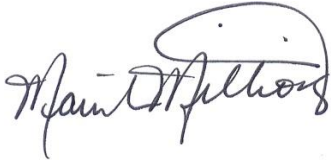

- The locations that scored the highest were at Wylie Ave & Crawford Ave with a score of **77%**, followed by Bedford Ave & Kirkpatrick St and Hyman Pl & Oak Hill Dr with scores of **64%**.
- The remaining scores were as follows:
 - Bedford Ave & Roberts St – **61%**
 - Centre Ave & Heldman St – **59%**
 - Centre Ave & Francis St – **59%**
 - Kirkpatrick & Reed St – **59%**
 - Bedford Ave & Chauncey St – **45%**

As reflected in the comments, the main concerns were topography of the neighborhood, narrow streets, exacerbation of already limited parking, safety, and the flow of traffic at these locations. That being said, we encourage you to **revisit the expansion** of the Bike Shares program in the Hill in the **future**.

We would be more than happy to meet and discuss this letter, next steps, and the needs of this community. Should you have any questions, please let me know. We look forward to hearing

back from you.

Sincerely,
