Dear Marimba,

I trust this message finds you well. Within this note, you will find a site map of the properties in which we are interested. Please note numbers 2-5. Our goal is to link these three properties in order to have them properly zoned and capable of being utilized for parking. Having used the Community Center for various events, I know that you have experienced the potential of our space while also probably longing for more parking. We are looking to acquire the adjacent parcels, which include two small lots owned by the city and a third that is owned by the URA. In order to accomplish this, we need your support.

Please review the contents of this message and feel free to call me with any questions or concerns that you may have.

Sincerely,
